

Why Workplace Violence?

You might notice SHIFT has been talking about workplace violence prevention a lot lately. That's due to California's new workplace violence prevention mandate. It's coming, and coming fast!

Organizations covered by the new mandate only have until July 1st to have their entire mandated program in place. [Click here](#) to see an excellent FAQ explaining the ins and outs of this important new law.

By the way, while California has a new mandate, it will not be long before other states follow suit. Workplace violence prevention is important for everyone, and [click here](#) to register for a free demo of our new workplace violence prevention course. We have a version that employers in any state can use!

What's Coming?

SHIFT has a lot of exciting things on the way in 2024. In the next couple of months we will have a brand new course on multi-generational workforces. With the ongoing changes we see in workplace demographics, this timely course will help organizations navigate this changing landscape smoothly. [Click here](#) for an infographic on the topic.
